To the Friends of the Jewish Center of Northwest Jersey:

Thank you for expressing an interest in our congregation. Our name describes well who we are: a Jewish Center. We are truly the geographic center of Judaism in Warren County and within easy reach of near-by Hunterdon, Morris, Sussex and Somerset Counties, as well as eastern Pennsylvania. More than that, we are also a religious center, providing our members with a spiritual home.

As traditional Reform Jews, we at the Jewish Center are committed to maintaining our ancient heritage while living in a modern world. We continue to dedicate ourselves to those fundamental principles of our tradition: living and studying Torah, worshipping God, and performing deeds of loving-kindness.

If you share these goals, come join us. Each one of you matters to us, both for what we can offer you and what you can offer us. The Torah teaches that we all stood at Sinai, not only those who were physically present, but also those future members of the covenant who were not yet born. As we stood together then, so we stand together now, learning and teaching and passing on our heritage to our children and to our children's children.

Welcome to our Center family. Come worship with us, meet us at our *Oneg Shabbat* after services, and share with us your vision of the Jewish future.

Shalom,

Rabbi Ellen Jay Lewis
